DR. KAREN WENDT

Angel Investing Programme Espresso

What you will know after the programme:

- ✅ Understand and change your money mindset, address your blind spots
- ✅ You have created your personal financial plan and you understand investment strategies, including risk liquidity return and impact for conventional and digital assets
- ✅ You know where to go for investing
- ✅ You have set up your sustainable portfolio and are ready for your first investment
- ✅ You can analyze and evaluate fact sheets and fund documentation and spot greenwashing
- ✅ You have the tools to do company valuations and due diligence yourself when you are investing in the primary market (venture capital, private equity, startups)
- ✅ You can read term sheets and negotiate investment documentation (cap table, roadmap, milestones, voting rules, articles of association, investment contract, capital increase and dilution).
- ✅ You know how to derisk and monitor your investments
- ✅ Includes financial planning, budgeting, saving, debt and investing

Join us and become part of an inspiring community of changemakers who want to align their investments and their values.
